

FUN With Fish

To make fishing game print fish on cardstock or on normal paper and laminate for durability. Cut them out and add paper clips so they become magnetic. For older children add points to the back of the fish so you can tally their points at the end of the game to figure out who is the winner.

For more fish print two copies of fish page.

make pond and and fishing stick as instructed on blog at <http://funwithmama.blogspot.com>

To make fish matching cards print two copies of the fish and have your child match the two fishes that are the same.

This document was made by nadia at <http://funwithmama.blogspot.com> using free clip art from the web for personal non profit use.
